

STAGE 2 OF 4 • BUILD YOUR NETWORK

Create a customer login in 1 minute

Right in the panel, in 5 taps. Want it automatic? Use [Sigma](#) or [your own system](#).

This page: <https://parceria.tutoriaisdoapp.online/en/create-customer/>

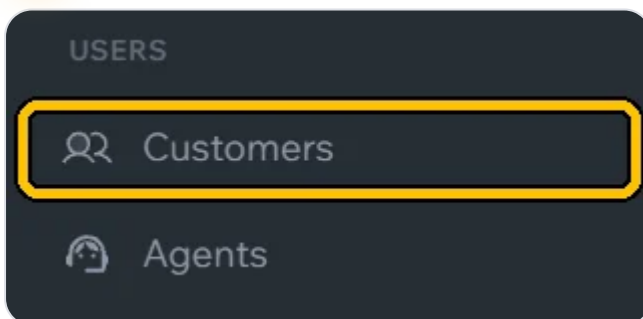

► Tap to watch: **Create a customer in the panel**

<https://parceria.tutoriaisdoapp.online/en/create-customer/#video>

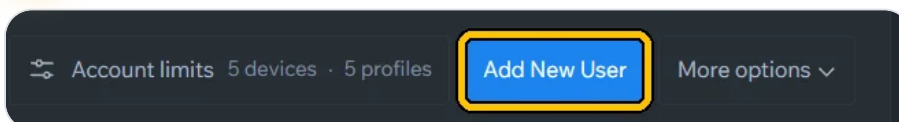

1

In the menu, click **Customers**.

2

Click **Add New User**.

3

In **Domain**, choose the DNS. Type the customer's list **IPTV Username** and **IPTV Password**. Keep **Use IPTV credentials for MaxPlayer** on: the customer signs in to the app with that same username and password.

IPTV CONNECTION

Domain

seudominio1.com

IPTV Username

Enter IPTV username

IPTV Password

Enter IPTV password

Show

MAXPLAYER LOGIN

☒ Use IPTV credentials for MaxPlayer

The customer will sign in to MaxPlayer with the IPTV username and password above.

ACCESS LIMITS

Device limit

5

1-5 devices. Default: 5

Profile limit

5

1-5 profiles. Default: 5

4

In **Device limit** and **Profile limit**, set how many devices and profiles (1 to 5).

5

Click **Create User**. Then send the customer the [ready-made message](#) with the username, password and install link.
