

STAGE 2 OF 4 • BUILD YOUR NETWORK

Build your network: create resellers

Each reseller gets their own panel, with the slots you give them.

1 In the menu, click **Agents**.

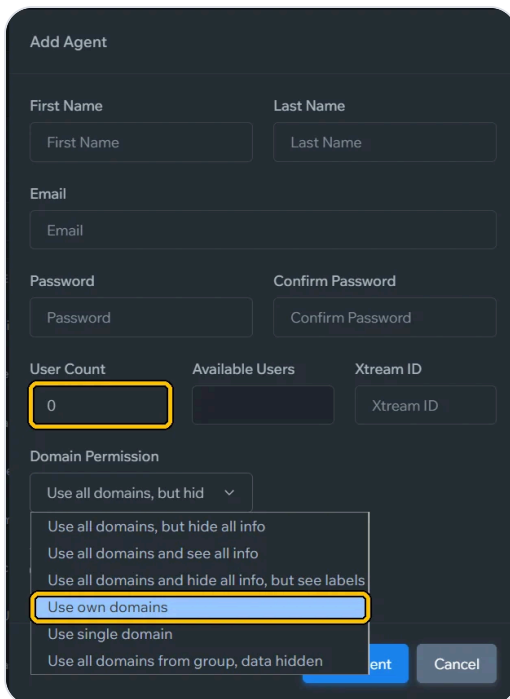

2 Click **Add Agent**.

3 Fill in the reseller's name, **Email** and **Password**.

4

In **User Count**, set how many customers they can activate. In **Domain Permission**, choose **Use own domains**: each reseller uses their own DNS.

The screenshot shows the 'Add Agent' form with the following fields and options:

- First Name**: Input field with placeholder 'First Name'.
- Last Name**: Input field with placeholder 'Last Name'.
- Email**: Input field with placeholder 'Email'.
- Password**: Input field with placeholder 'Password'.
- Confirm Password**: Input field with placeholder 'Confirm Password'.
- User Count**: Input field with value '0' (highlighted with a yellow box).
- Available Users**: Input field.
- Xtream ID**: Input field with placeholder 'Xtream ID'.
- Domain Permission**: Dropdown menu with the following options:
 - Use all domains, but hid
 - Use all domains, but hide all info
 - Use all domains and see all info
 - Use all domains and hide all info, but see labels
 - Use own domains** (highlighted with a yellow box)
 - Use single domain
 - Use all domains from group, data hidden

At the bottom right, there are buttons for 'Add Agent' (blue) and 'Cancel' (grey).

Want them to create resellers too? Turn on **Admin**. Then click **Add Agent**.

Send your new reseller the link to this page: they learn on their own to [create the key](#), [add DNS](#) and [create customers](#).
